Antecarlo is a solid brown horse, 15% hands high, weighing 1,170 pounds, fine style and action. One of the best posted men on trotting horses writes of him as follows: the blood of both.

In regard to the stallion, Antecario 2:26 1-2 you bought of T. H. Smiley, I will say I worked him about 90 days in 1901 and I consider him one of the fastest trotters I ever drove, or in other words, about as fast as I ever saw. I have seen him trot a 2:04 gait timed by a prospective buyer. There never was a time while he was in my charge that he could not step a quarter in 32 1-2 to cart. He does not need any extra riging of any kind.

The Order of the Maccabees is one of the leading fraternal and insurance organizations in America, having a membership of over a half million, with beadquarters at Port Huron, Mich., and in that State alone there are over 100,000 members. The order was introduced in Kentucky 10 years ago and to day it is established in over 100 cities and towns of Kentucky, one of the first tents being organized here February 28, 1895, and is composed of 200 of Lexington's best citizens, under whose auspices a street fair will be held the last week of May.

It furnishes in addition to life insurance, sick and acthe member regarding this matter. It is said that the ritualistic work is econd to none of the fraternal benefi clary orders, being pleasing, entertaining and highly instructive, the degrees being conferred in one evening.

The Supreme Commander, appreciating that so large a tent will be organized, has sent in advance to the State Commander, Mr. M. F. Elkin, an elegant degree outfit to present to the tent the night it is organized.

Mr. Elkin has seen fit to choose Lexington as his adopted home, having noved his family here last fall, and he says his best energies will be given to the end that Lexington will become a Maccabee center.

There are now 75 signers and the tent will be organized when the 100 mark is reached. Mr Elkin has rooms at the Leland Hotel. He has had charge of the work in Kentucky for nine years and during that time has written over 5,000 policies, placing over \$7,000,000 of insurance. Too Great A Risk.

In almost every neighborhood someone has died from an attack of colic or chole ra morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for any one to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon.
